Subject: Re: City Traffic Engineer Contact info

Dear City Clerk

I would like to get the email address of the cities head traffic engineer who according to the 2.44.010 attached below reports to the city manager.

I would also like to request the email address of the “city manager” to whom the the city traffic engineer reports to.

If these positions are not currently filled I would like the email address of those persons charged with fulfilling the duties of the cities head traffic engineer and the city manager.

Finally I would like to get the email address of the cities Director of Human Resources Department or the functional equivalent, and copies of all cities policies and procedures related to dismissal or discipline of City employees “for-cause” especially as it relates to acts in the performance of their duties that unnecessarily endanger the public, mislead the public and employees who knowingly withhold information in their possession related to formal public information requests

The scope of this request relates to policies and procedures that apply to city employees, police officers and the city council.

Thank You,

Anthony Higgins
